HYDRAULIC SOLUTIONS PROVIDER

TIPPER APPLICATIONS

The manufacturing engineering office from the 1950's

The Tool Room from 1947

100 YEARS OF HYDRAULICS EXPERIENCE

Hydreco Hydraulics is the designer, manufacturer and distributor of products servicing the transport and mobile hydraulics sector. Hydreco has a combined history of 100 years in developing solutions through a rich heritage of legacy companies. The joining of David Brown Hydraulics, Powauto and Hydreco in 1997 brought together some of the most respected products, people and heritage brands in the business.

Engineering excellence is at the core of our organization, the product range is geared towards offering the best possible solution for many applications within Construction, Earth moving, Transport, Industrial, Materials handling, and many more. We pride ourselves on supporting customers through leading edge products, designed to provide optimum performance and extensive reliability in continual hard working applications. With innovative technology our products have evolved and developed, leading to a range of some of the highest quality products available in the market place. The

business is positioned to respond to your hydraulic needs through a worldwide network of manufacturing and sales facilities.

Hydreco has an extensive range of low noise helical gear, aluminium and cast iron gear pumps and standard spur gear models from its David Brown heritage. Its valve range covers multi-spool sectional and monoblock models with electro hydraulic, hydraulic and lever control. Dual axis, stackable and single axis hydraulic pilot valves, with an extensive range of handle options including ergonomic handles with many switches and button options. The valves are available with spring centred and electric detent options.

Under the name Hydreco Powauto, with heritage back to 1928, we sell our range of Transport hydraulics products. The product range covers power take-off units, pumps, valves, cylinders and accessories for on and off road vehicles. This World Class brand possesses a strong footprint in Asia Pacific building on its excellent reputation.

COMPLETE HYDRAULIC TIPPING SYSTEMS

Supported by a highly talented engineering design team and the widest selection of hydraulic tipper components in the industry, the team at Hydreco Powauto can offer complete system solutions for any tipping application.

TELESCOPIC HOISTS

A complete range of robust and reliable telescopic hoists provide the working part of your system

HYDR

HYDR provide assort & sizes without to fit a

QUICK CONNECT COUPLINGS

Large flow characteristic quick release couplings provide a fast & efficient means of connecting trailers

TIPPER CONT

Designed primary applications, HY valves are available in multiple bodies

HYDRAULIC OIL TANKS

HYDRECO Powauto provides a wide range of shapes and sizes with or without valve mounts for any vehicle

AIR & ELECTRIC CABIN CONTROLS

The HYDRECO Powauto control solution can provide for any range of sophistication, from cables to electronics and all points in between

CONTROL VALVES

Available for tipper applications, HYDRECO Powauto provides a wide range of control valves for single or multiple functions

HYDRAULIC PUMPS

For high or low control pressure and flow, HYDRECO Powauto provides a wide range of gear and piston pumps for reliable system performance

PTOs

With a comprehensive range of PTOs for most vehicle transmissions, the HYDRECO Powauto solution will be your partner for any application

INTRODUCING THE COMPLETE SOLUTION

A 50 Year Journey

Over 50 years ago, Powauto began its journey in the Australian market with a vision of building the toughest PTO, tough enough to handle Australian conditions, renowned to be the harshest on the planet.

Today Hydreco Powauto is far more than just a designer of PTO's. As a leading specialist in transport hydraulics, with a rapidly expanding global footprint, we offer a comprehensive range of products, and services to provide complete hydraulic solutions to just about any trucking application. Our company has established a long tradition of innovation by consistently setting the industry standard. Our engineering design and development team has extensive knowledge in transport hydraulics and is driven to continually strive to raise the bar

on our competitors by offering comprehensive, tough and reliable hydraulic solutions aimed at delivering maximum performance, whatever the application.

Complete Hydraulic Tipping Kits

Supported by a highly talented engineering design team and the widest selection of hydraulic tipper components in the industry, the Team at Hydreco Powauto can offer complete system solutions for any tipping application.
